¹Means of Transportation included in the "Transit" category includes Bus or trolley bus; Streetcar or trolley car; Subway or elevated; and Railroad.

²For travel time to work analysis, the 1990 data includes workers both in households and group quarters, while the C2SS data is for workers in households only. For calculating the average travel time, the maximum value used for the 1990 data was 99 minutes, while for C2SS it was 240 minutes.
